About Me

Senior iOS Engineer with 10+ years of experience building high-performance mobile applications across fintech, banking, e-commerce, hospitality, healthcare, sports, entertainment, social media, enterprise, and consumer domains. Expert in Swift, Objective-C, Dart, SwiftUI, UIKit, Flutter, and scalable iOS architectures with strong experience delivering products used by large global user bases.

Proven track record of building production-grade applications, collaborating with international teams, and delivering end-to-end mobile solutions from concept to App Store release.

Highlights

- Contributed to fintech platform with **2M+ downloads** and **160K+** funded accounts
- Contributed to large-scale enterprise iOS applications including **LA Clippers + Intuit Dome**, **Visit Red Sea**, and **WiZink Bank** for clients such as LA Clippers, Red Sea Global, and WiZink Bank
- Built a **US App Store #1** ranked application
- Developed an app recognized with **Apple Editor's Note Award**
- Top 2% global contributor on [Stack Overflow](#) (**27K+ reputation**) where I've helped **2.1M+ developers** worldwide through answers and solutions
- Experience working with US startups and global enterprise clients

Developer Community Impact

- 27,000+ reputation on [Stack Overflow](#)
- Ranked among top **2% contributors** worldwide
- Helped **2.1M+ developers** through solutions and answers

#1 Rank on App Store

Achieved **#1** ranking on the US App Store (Photo & Video category) for the application Glitter Collages & Art: Glitty.

<https://apps.apple.com/us/app/glitty-glitter-sparkle-fx/id1435607925>

Award

Application Vintage Film Camera: Pixo Cam was featured with **Apple Editor's Note** on the App Store.

<https://apps.apple.com/us/app/pixo-instant-film-camera/id1476054229>

Achievement

- Developed [Alinea](#), a YC-backed fintech mobile application with **2M+ downloads** and **160K+** funded accounts
- Alinea Invest is **#6** on the finance charts 🚀
Ranking ahead of Robinhood, Fidelity Investments, Venmo, SoFi, Bank of America and so many others!
- App of the day winner on appstore

Success Stories

LA Clippers + Intuit Dome

- Developed features for the official app of Los Angeles Clippers
- Intuit Dome is a \$2B, 18,000-seat arena in California
- Includes advanced tech like Halo video board and AI-powered fan experience

Visit Red Sea

- Contributed to digital solutions for The Red Sea Project
- Part of Saudi Arabia's Vision 2030 initiative
- Focused on luxury tourism and sustainable development

WiZink Bank

- Worked on mobile banking solutions for WiZink Bank
- Digital-first bank specializing in credit cards and savings products
- Operates fully online across Spain and Portugal

Technical Skills

Languages: Swift, Objective-C, Dart (Flutter)

Frameworks: SwiftUI, UIKit, Combine, WatchKit, Cocoa, Cocoa Touch, Flutter

Architecture: MVC, MVVM, MVVM-C, Clean Architecture

Databases: Core Data, SQLite

Networking: REST APIs, JSON, XML, GraphQL

Tools: Xcode, Visual Studio Code, Android Studio, Git, GitLab, Bitbucket, SVN

Platforms: iOS, watchOS, tvOS, macOS, Android

Other: Unit Testing, Third-party SDK Integration, Agile

Core Expertise

- iOS Architecture Design
- Swift / SwiftUI Development
- AI-Assisted Development
- Scalable Mobile App Development
- Fintech & Enterprise Mobile Solutions
- REST API Integration & Networking
- Payments, In-App Purchases & Third-Party SDK Integration
- App Performance Optimization, Code Review & Engineering Mentorship
- Agile Development & Cross-functional Collaboration

AI-Assisted Development

- Leveraged AI tools such as GitHub Copilot, ChatGPT , Claude, and Google Gemini for code generation, debugging, optimization, and architecture exploration
- Applied prompt engineering techniques to drive efficient AI-assisted development workflows
- AI-assisted code refactoring and documentation generation
- Experience with AI frameworks including CoreML, Vision, and Natural Language

Projects

“Any fool can write code that a computer can understand. Good programmers write code that humans can understand.”

– Martin Fowler

LA Clippers + Intuit Dome

The Intuit Dome app gives you seamless access to the venue and allows you to Zoom Thru so you never miss a moment of the action. By creating and completing your profile, you will unlock hassle-free access to parking garages and the venue as well as frictionless shopping across retail and concessions.

<https://apps.apple.com/us/app/la-clippers-intuit-dome/id6476565235>

Support

iPhone

Features

Booking, Ticketing, Sports, Event booking, Parking booking, Stadium map seat selection, Payment gateway

Technology Stack

Swift, SwiftUI, Payment Gateway, Bluetooth, IOT, Deep Linking / Universal Links, Notifications, Analytics, MVVM / Clean Architecture

Visit Red Sea

Enables users to explore and book luxury resorts, wellness retreats, and curated experiences across the Red Sea and AMAALA destinations. Offers a personalized trip planning experience, including activities like water sports, adventure tours, cultural experiences, and seamless transport booking. Provides an all-in-one platform for end-to-end travel management, from accommodation and activities to smart features like streamlined arrival and luggage handling.

<https://apps.apple.com/us/app/visit-red-sea/id6714457903>
