Senior iOS Engineer | Mobile AI Engineer | Tech Lead | Mobile Architect | Top 2% StackOverflow Contributor (27K+ reputation) | Helped 2.1M+ developers
Swift | Objective-C | SwiftUI | UIKit | Flutter | Dart | AI-Assisted Development
Fintech | Banking | E-commerce | Hospitality | HealthCare | Sports | Entertainment | Social Media | Scalable Apps

Professional Summary

Senior iOS Engineer with 10+ years of experience building high-performance mobile applications across fintech, banking, e-commerce, hospitality, healthcare, sports, entertainment, social media, enterprise, and consumer domains. Expert in Swift, Objective-C, Dart, SwiftUI, UIKit, Flutter, and scalable iOS architectures with strong experience delivering products used by large global user bases.

Proven track record of building production-grade applications, collaborating with international teams, and delivering end-to-end mobile solutions from concept to App Store release.

Highlights:

- Contributed to fintech platform with **2M+ downloads** and **160K+ funded** accounts
- Contributed to large-scale enterprise iOS applications including **LA Clippers + Intuit Dome, Visit Red Sea**, and **WiZink Bank** for clients such as LA Clippers, Red Sea Global, and WiZink Bank
- Built a **US App Store #1** ranked application
- Developed an app recognized with **Apple Editor's Note Award**
- **Top 2%** global contributor on [Stack Overflow](#) (**27K+ reputation**) where I've helped **2.1M+ developers** worldwide through answers and solutions
- Experience working with US startups and global enterprise clients

Core Expertise

- iOS Architecture Design
- Swift / SwiftUI Development
- AI-Assisted Development
- Scalable Mobile App Development
- Fintech & Enterprise Mobile Solutions
- REST API Integration & Networking
- Payments, In-App Purchases & Third-Party SDK Integration
- App Performance Optimization, Code Review & Engineering Mentorship
- Agile Development & Cross-functional Collaboration

Technical Skills

Languages: Swift, Objective-C, Dart (Flutter)

Frameworks: SwiftUI, UIKit, Combine, WatchKit, Cocoa, Cocoa Touch, Flutter

Architecture: MVC, MVVM, MVVM-C, Clean Architecture

Databases: Core Data, SQLite

Networking: REST APIs, JSON, XML, GraphQL

Tools: Xcode, Visual Studio Code, Android Studio, Git, GitLab, Bitbucket, SVN

Platforms: iOS, watchOS, tvOS, macOS, Android

Other: Unit Testing, Third-party SDK Integration, Agile

AI-Assisted Development

- Leveraged AI tools such as GitHub Copilot, ChatGPT, Claude, and Google Gemini for code generation, debugging, optimization, and architecture exploration
- Applied prompt engineering techniques to drive efficient AI-assisted development workflows
- AI-assisted code refactoring and documentation generation
- Experience with AI frameworks including CoreML, Vision, and Natural Language

Developer Community Impact

- **27,000+** reputation on [Stack Overflow](#)
- Ranked among top **2% contributors** worldwide
- Helped **2.1M+ developers** through solutions and answers

Professional Experience

Senior Software Engineer – iOS – [Globant](#)

Apr 2022 – Present | Remote (Pune/Ahmedabad, India)

- Developed and maintained enterprise-scale iOS applications for global clients
- Contributed to applications including [LA Clipper + Intuite Dome](#), [Visit Red Sea](#), and [Wizink Bank](#)
- Worked on large-scale projects with 100–500 member teams, collaborating within focused sub-teams of 20–25 engineers and contributing from project inception to delivery.
- Led end-to-end feature delivery from requirement analysis to production releases
- Collaborated with cross-functional teams including backend engineers, designers, and product managers
- Performed architecture discussions and code reviews to maintain code quality and scalability

Software Engineer – iOS (Remote) – [Alinea Invest](#)

Jan 2021 – Nov 2021 | New York, USA

- Developed [Alinea](#), a YC-backed fintech mobile application with **2M+ downloads** and **160K+ funded accounts**
- I was part of the team from the very beginning, starting development with a small team of 8–10 members
- Worked closely with early engineering team to scale mobile product features
- Implemented investment workflows, onboarding systems, and user experience improvements
- Collaborated with distributed engineering team across multiple time zones
- Closely worked with founders

Member of Technical Staff – iOS (Remote) – [Webloom Solutions](#)

Aug 2020 – Jan 2021 | Bengaluru, India

- Designed and developed a short-video and social media sharing application
- Implemented core features for media upload & editing, feed display, and user interaction
- Managed feature development lifecycle from planning to deployment
- Worked with team size of 10 to 15 people and directly worked with the founder

Software Developer – iOS – [Credencys Solutions](#)

Apr 2019 – Jun 2020 | Ahmedabad, India

- Served as Tech Lead across multiple client projects
- Implemented iOS-Unity bridging and Unity based AI models in iOS mobile applications ([Winter Garden](#) & [All Things Girl Scouts](#))
- Managed sprint planning, architecture decisions, and delivery timelines
- Received multiple client recognitions for high-quality delivery

Senior iOS Developer – [CMARIX TechnoLabs](#)

Mar 2017 – Mar 2019 | Ahmedabad, India

- Developed an application that ranked **#1 on the US App Store** (Photo & Video category) - [Glitter Collages & Art: Glitty](#)
- Built an application featured with **Apple Editor's Note award** - [Vintage Film Camera: Pixo Cam](#)
- Implemented advanced features including photo editing(core graphics, core image etc), in-app purchases, map integrations, core data, and media processing
- Maintained applications with large active user bases

Junior iOS Developer – [SilverSky Technology](#)

Jul 2015 – Feb 2017 | Ahmedabad, India

- Developed small iOS applications and also developed modules across multiple different iOS applications
- Implemented two-way syncing, payment gateways, maps, audio & video editing
- Gained strong experience in Swift, Objective-C, UIKit, Auto Layout, and SDK integrations

Education

Master of Engineering – Computer Engineering (IT Systems And Network Securities)
Gujarat Technological University, Ahmedabad (2013 – 2015)

Bachelor of Engineering – Computer Science & Engineering
Gujarat Technological University, Ahmedabad (2008 – 2013)
